**A. POD Review**— Chief Egut reviewed the plan that was utilized during the Influenza vaccination POD in 2009. Paul Smith, the Director of the CVJVS also contributed insight to the facilities use during this event. The Chief also discussed federal updates to community POD plans with the help of Heidi S. from the Board of Health. The Centers for Disease Control (CDC) completed an assessment of our POD from 2009 and scored our efforts at 98%. The CDC in the future will limit POD community involvement to those with the best assessment scores. Several new requirements will also be put in place such as yearly demonstration of a “call-down” for a “Ready POD” event, documentation of yearly review and training for the Core POD management team and management team contact information must be included in a federal contact database.

**B. County Wide Drill**—The drill was held February 10<sup>th</sup> at locations in Brecksville and Broadview Hts. and it went very well.

**C. POD Inventory**—Volunteers were requested to complete a POD inventory which will be held in March at the Brecksville Fire Station. Contact Leslie if you are interested and a date will be set.

**D. Next General Meeting**—Thursday March 21st, 7pm at the Brecksville Community Center, Human Services Room. The topic will be Weather Safety.
